

Title I – 1003(g) School Improvement Grant
2014-2015 School Year
Renewal Application - Transformation Model

Part I: Grantee Information

Applicant Information

School Corporation/ Eligible Entity	EVSC	Corp #	7995
School	McGary Middle School	School #	8339
Superintendent Name	David B. Smith, Ed D.	Email	David.Smith@evsc.k12.in.us
Title I Administrator Name	Larry Bass	Email	Larry.Bass@evsc.k12.in.us
Principal	Tammy Dexter	Email	Tammy.Dexter@evsc.k12.in.us
Mailing Address	951 Walnut Street	City	Evansville
Telephone	(812) 435-8459	Fax	(812) 435-8358
Year 3 Funding	\$1,094,672.00		

Part 2: LEA and School Assurances and Waivers

Certain terms and conditions are required for receiving funds under the School Improvement 1003g Grant and through the Indiana Department of Education (IDOE); therefore, by signing the following assurances, the grantee agrees to comply with all applicable federal, state, and local laws, ordinances, rules and regulations, provisions and public policies required and all assurances in the performance of this grant as stated below.

School Improvement Grant (SIG) 1003(g)

The grantee LEA's designees must sign and return a copy of the following assurances as in order to participate in the 1003(g) SIG program.

The grantee will use its School Improvement Grant to implement fully and effectively one of the following interventions in each of its Tier I and Tier II schools identified on the LEA grant application: (A) Turnaround Model;

(B) Closure Model; (C) Transformation Model; (D) Restart Model. LEA implementation of intervention models should adhere to all regulations in accordance with the final requirements for School Improvement Grants under section 1003(g) of Title I of the Elementary and Secondary Education Act (<http://www2.ed.gov/programs/sif/2010-27313.pdf>).

The grantee will establish annual goals approved by the IDOE for student achievement on the State's assessments in both reading/language arts and mathematics and measure progress on the leading indicators in Section III of the final requirements in order to monitor and hold accountable each Tier I and Tier II school that it serves with school improvement funds, and establish goals (approved by the IDOE) to hold accountable its Tier III schools that receive school improvement funds.

The grantee will report to the IDOE all applicable school-level data that is required under Section III of the final requirements.

- Number of minutes in Math and Reading in the instructional day or school day;
- Student participation rate on State assessments in reading/language arts and in mathematics;
- Student attendance rate;
- Teacher attendance rate;
- Combined suspension/expulsion rate;
- Minutes of job-embedded PD/week;
- Distribution of teachers by performance level on an LEA's teacher evaluation system;
- For Both Math and English/Language Arts Each:
 - Percent of students passing ISTEP, by grade level;
 - Percent of Bottom 25% demonstrating high growth (4-8);
 - Percent of all students showing low growth; and
 - Average scale score, by grade level;
- Percent of students at or above proficient on ISTEP on both Math and E/LA; and
- Percent of students achieving proficiency on IREAD (spring test only).
- For Both English 10 and Algebra I ECA:
 - 10th grade cohort pass rate;
 - 8th grade (ISTEP) to 10th grade (ECA) improvement;
 - Percent of re-testers which pass by 12th grade; and
 - Average scale score, by grade level.
- Non-waiver graduation rate; and
- Percent of graduating cohort to receive college and career readiness standard.

IDOE will make grant renewal decisions based on whether the school has satisfied the following requirements in regards to its annual performance targets for leading and achievement indicators:

- *Leading Indicators*— Elementary and middle schools must meet 4 of 7 applicable leading indicator goals; schools containing a high school must meet 6 of 9 leading indicator goals.
- *Achievement Indicators*— Schools in year one of the grant must also meet 70% of the achievement indicators, including yearly achievement goals in the 1003g SIG application. Schools in year two of the grant must also

meet 80% of the achievement indicators including yearly achievement goals in the 1003g SIG application. Schools which administer both the ISTEP+ and ECA assessments will be measured by student performance on all applicable achievement indicators combined.

Failure to submit required data to the IDOE by set deadlines may result in a delay of funds.

State Assurances

LEAs will establish an LEA-based School Improvement Officer or School Improvement Office that will be responsible for taking an active role in the day-to-day management of turnaround efforts at the school level in each identified Priority School to be served by the approved application and for coordinating with the SEA.

LEAs that commit to serve one or more Priority Schools that do not receive Title I, Part A funds to ensure that each of those schools receive all of the State and local funds it would have received in the absence of the School Improvement Grant funds. Further, LEAs cannot use School Improvement Grant (SIG) funds to support district-level activities for schools that are not receiving SIG funds.

Grantee agrees future funding opportunities may be hindered if per this or any grant opportunity/contract with IDOE have not been met and/or reports are not submitted in a timely fashion.

Changes

This agreement will not be modified, altered, or changed except by mutual agreement by an authorized representative(s) of each party to this agreement and must be confirmed in writing through the IDOE grant modification procedures.

Independent Grantee

The grantee shall perform all services as an independent grantee and shall discharge all of its liabilities as such. No act performed or representation made, whether oral or written, by grantee with respect to third parties shall be binding on the IDOE.

Termination

The IDOE, by written notice, may terminate this grant, in whole or in part, if funds supporting this grant are reduced or withdrawn. To the extent that this grant is for services, and if so terminated, the IDOE shall be liable only for payment in accordance with payment provision of this grant for services rendered prior to the effective date of termination.

The IDOE, in whole or in part, may terminate this grant for cause by written notification. Furthermore, the IDOE and the grantee may terminate this grant, in whole or in part, upon mutual agreement.

The IDOE may cancel an award immediately if the State finds that there has been a failure to comply with the provisions of an award, that reasonable progress has not been made, or that the purposes for which the funds were awarded/granted have not been or will not be fulfilled.

Either the IDOE or the grantee may terminate this agreement at any time by giving 30 days written notice to the other party of such termination and specifying the effective date thereof. The grantee shall be paid an amount which bears the same ratio to the total compensation as the services actually performed bear to the total services of the grantee covered by the agreement, less payments of compensation previously made.

Access to Records

The grantee agrees that the IDOE, or any of its duly authorized representatives, at any time during the term of this agreement, shall have access to, and the right to audit and examine any pertinent books, documents, papers, and records of the grantee related to the grantee's charges and performance under this agreement. Such records shall be kept by grantee for a period of five (5) years after final payment under this agreement, unless the IDOE SIG Grant Renewal -Transformation

authorizes their earlier disposition. Grantee agrees to refund to the IDOE any overpayments disclosed by any such audit. However, if any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the 5-year period, the records shall be retained until completion of the actions and resolution of all issues, which arise from it.

This agreement, and all matters or issues collateral to it, shall be governed by, and construed in accordance with the laws of the State of Indiana.

Legal Authority

The grantee assures that it possesses legal authority to apply for and receive funds under this agreement.

Equal Opportunity Employer

The grantee shall be an equal opportunity employer and shall perform to applicable requirements; accordingly, grantee shall neither discriminate nor permit discrimination in its operations or employment practices against any person or group of persons on the grounds of race, color, religion, national origin, handicap, or sex in any manner prohibited by law.

Copyrights

The grantee (i) agrees that the IDOE shall determine the disposition of the title and the rights under any copyright by grantee or employees on copyrightable material first produced or composed under this agreement; and, (ii) hereby grants to the IDOE a royalty free, nonexclusive, irrevocable license to reproduce, translate, publish, use and dispose of, to authorize others to do so, all copyrighted or copyrightable work not first produced or composed by grantee in the performance of this agreement, but which is incorporated in the material furnished under the agreement, provided that such license shall be only to the extent grantee now has, or prior to the completion or full final settlements of agreement may acquire, the right to grant such license without becoming liable to pay compensation to others solely because of such grant.

Grantee further agrees that all material produced and/or delivered under this grant will not, to the best of the grantee's knowledge, infringe upon the copyright or any other proprietary rights of any third party. Should any aspect of the materials become, or in the grantee's opinion be likely to become, the subject of any infringement claim or suite, the grantee shall procure the rights to such material or replace or modify the material to make it non-infringing.

Personnel

Grantee agrees that, at all times, employees of the grantee furnishing or performing any of the services specified in this agreement shall do so in a proper, workmanlike, and dignified manner.

Assignment

Grantee shall not assign or grant in whole or in part its rights or obligations under this agreement without prior written consent of the IDOE. Any attempted assignment without said consent shall be void and of no effect.

Availability of Funds

It is expressly understood and agreed that the obligation of the IDOE to proceed under this agreement is conditioned upon the appropriation of funds by the Indiana State Legislature and the receipt of state and/or federal funds. If the funds anticipated for the continuing fulfillment of the agreement are, at anytime, not forthcoming or insufficient, either through the failure of the federal government to provide funds or of the State of Indiana to appropriate funds or the discontinuance or material alteration of the program under which funds were provided or if funds are not otherwise available to IDOE, the IDOE shall have the right upon ten (10) working days written notice to the grantee, to reduce the amount of funds payable to the grantee or to terminate this agreement without damage, penalty, cost, or expenses to IDOE of any kind whatsoever. The effective date of reduction or termination shall be as specified in the notice of reduction or termination.

Superintendent Signature: Dil B. Singh **Date:** 6/24/14

Title I Administrator Signature: Tammy K. Bass **Date:** 6/27/14

Principal Signature: Jammy Dexter **Date:** 10-25-14

Part 3: Leading and Achievement Indicators

Complete the table below regarding key areas of student learning indicators. Include your beginning data (start of grant – what was in your application), your 2013-2014 data, and your original goal (what was in your application).

Elementary/Middle School Model

	Indicator	Beginning	2013-2014	Goal
Leading Indicators (Must meet at least 4 of 7 to be renewed)	Minutes in Math and Reading per day	Math: 80 E/LA: 80	Math: 80 E/LA: 80	Math: 80 E/LA: 80
	Student participation rate	100%	TBD <i>(iMAST not yet available)</i>	98.5%
	Student attendance rate	98%	97.2%	98%
	Teacher attendance rate	95.1%	96%	96%
	Suspension/Expulsion Rate	34.3%	24.1%	30%
	Minutes of Job Embedded PD/Week	130	130	130
	Distribution of teachers by performance level	E: 0 P: 7 D: 14 U: 0	<i>Final Summative Evaluation Scores pending receipt of state assessment performance/growth data.</i>	E: 2 P: 10 D: 12 U: 0
	Indicator	Beginning	2013-2014	Goal
Achievement Indicators (Year 1: Must meet 70% of Achievement Indicators) (Year 2: Must meet 80% of Achievement Indicators)	Math ISTEP+	Percent of Students Passing ISTEP+ (3-8)	6 th : 46.8% 7 th : 45.9% 8 th : 52.3%	6 th : 71% 7 th : 59% 8 th : 66%
		% of Bottom 25% demonstrating High Growth (4-8)	39.1%	TBD
		% of Students demonstrating Low Growth	39.8%	TBD
		Average scale score	6 th : 477.08 7 th : 506.32 8 th : 528.60	6 th : 487 7 th : 511 8 th : 537
	E/LA ISTEP+	Percent of Students Passing ISTEP+ (3-8)	6 th : 43.2% 7 th : 45.8% 8 th : 48.8%	6 th : 45% 7 th : 48% 8 th : 46%
		% of Bottom 25% demonstrating High Growth (4-8)	28.9%	TBD
		% of Students Demonstrating Low Growth	48.0%	TBD
		Average scale score	6 th : 473.14 7 th : 495.65 8 th : 495.83	6 th : 478 7 th : 501 8 th : 508
	Percent of students proficient on ISTEP (Both ELA and Math) (3-8)	38.3%	47%	44.3%
	Percent of students proficient on IREAD(Spring Test Only) (3)	N/A	N/A	N/A

Part 4: Implementation

IDOE has provided renewal requests based on site visits and original application information. Provide the requested documentation along with a narrative in the appropriate column.

	Indicator	Required Renewal Requests	School Documentation and Narrative
Implementation	1. Replace the principal who led the school prior to implementing the model.	<ul style="list-style-type: none"> No additional information needed for renewal 	<p>No additional information needed for renewal</p>
	2. Use evaluation systems for teachers and principals that consider student growth and assessments; develop with teacher/principal involvement	<ul style="list-style-type: none"> Provide documentation of new evaluation system for 2014-2015 school year. Provide Evaluation Schedule for 2014-2015 school year. 	<ul style="list-style-type: none"> Beginning in the 2014-2015 school year, McGary will further evolve its evaluation practices and gain even more flexibility with the evaluation schedule and ability to further differentiate and drive their own professional development by switching to the New EVSC Evaluation Model, which is fully aligned to statutory guidelines. The principal will utilize iObservation to design their own evaluation schedule based on needs of staff, conduct and monitor evaluation results, and increase access to instructional resources aligned to the evaluation rubric/needs determined. <ul style="list-style-type: none"> See attached Teacher, Principal, and Assistant Principal rubrics. Similar rubrics have been created for Instructional Coaches, School Psychologists, Counselors, and other specialist positions as well. In IDOE's 2013 external evaluation of the SIG model, indicator 2 was deemed "completed" by Praxis as a result of McGary's full implementation of the TAP system. In fact, McGary has served as a leader in their early adoption of more comprehensive evaluation practices—which has informed the development of entire district's new evaluation system. Instructionally Focused Accountability. Currently multiple measures of teacher effectiveness are considered to promote teacher accountability. Career teachers are observed several times during the year by trained observers (principals, Master and Mentor teachers), and also evaluated individually and collectively based on student learning growth.

- **Multiple planned and unannounced observations.** An evaluator will observe teachers annually at recommended intervals (IC 20-29-2-4) and the minimum number of observations is based on the lane designation (Comprehensive or Reflective). The principal/evaluator will determine and communicate the observation lane to each member of his or her teaching staff within the first 10 teaching days or prior to the first observation as they design their own evaluation schedule (available Fall 2014), which will be designed with even more intensive follow up and support based on needs determined. A **Comprehensive** lane designation ensures that the teacher will be formally observed a minimum of three times. A **Reflective** lane designation ensures a minimum of two formal observations. The evaluator communicates the process expectations, feedback cycles, and timelines with the teacher.

Lane	First Semester	Second Semester
Comprehensive	Minimum 2 Extended	Minimum 1 Short
Reflective	Minimum 1 Short	Minimum 1 Short

- The EVSC Teacher Evaluation instrument is a 5-point rubric used to evaluate teacher performance on twenty-one competencies within four domains.
 - Domain 1: Instructional Design and Assessment*
 - Domain 2: Instructional Delivery*
 - Domain 3: Learning Environment*
 - Domain 4: Collaboration and Professional Responsibilities*
- Note: The new evaluation rubric will be similarly structured to what has worked well with TAP, which will further enable a seamless transition for current TAP schools like McGary.
- **Effectiveness Data.** Per IC 20-28-11.5, in addition to observations and artifacts, the teacher's final summative rating will include objective measures of student achievement and growth which will be determined by statewide assessment performance and locally developed pre- and post-course assessments aligned to state standards.

	<p>3. Reward school leaders, teachers, staff who, in implementing this model, increased student achievement or high school graduation rates; remove those who after professional development, have not.</p>	<ul style="list-style-type: none"> • Provide documentation for how rewards are determined - using tools and rubrics that are data driven and reflect an increase in student achievement. • Provide process for assisting teachers who are not improving and for removing teachers when they continue to not improve student growth. 	<ul style="list-style-type: none"> • See indicator 2. • TAP's performance-based compensation model has been in place at McGary. • With the current collective bargaining agreement expiring on June 30, 2014, the new agreement will be aligned to statute and include salary, wages, and salary- and wage-related benefits. This serves as a catalyst for the district to implement a new performance-based compensation (PBC) system. This model, still subject to bargaining, will go one step further than typical PBC models and also reward staff who commit to Priority schools. This will be an additional lever for McGary's principal to utilize in recruiting and retaining highly effective staff for the school. This PBC system will be made available to IDOE once finalized. • Master and Mentor teachers have earned additional compensation based on their added responsibility and authority, as well as their longer contract period. This will continue at McGary, though the model is driven at the school instead of by TAP—giving increased flexibility. • Teachers who are rated in the lowest two categories of performance will be required to develop a plan for performance improvement with ongoing support, professional development, and monitoring that lasts no more than 90 school days (removal follows state law). • Classroom mini grants and retention bonuses (per evaluation scores) will remain in place during the 14-15 school year to support the principal's ability to recruit and retain highly effective staff. • In a letter dated March 18, 2014: ETA President Mark Lichtenberg assured to IDOE that "ETA supports these SIG applications at the highest level, supporting all components of the Transformation and Turnaround Models. ETA has worked collaboratively with the EVSC to be a proactive leader when it comes to systemic school improvement efforts and
--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

		<p>will continue to work with EVSC as we continue to serve collaboratively on the leading edge of drastic school improvement efforts."</p>
	<p>4. Provide high quality, job-embedded professional development.</p>	<ul style="list-style-type: none"> • Provide PD Schedule and PD implementation plan for 2014-2015 school year. • Provide coaching plan for 2014-2015 school year. <ul style="list-style-type: none"> • <i>Individual Post-conferences</i> are conducted following observations. During these sessions, teachers are provided with reinforcement and suggestions for strengthening instructional practice. • <i>Instructional walkthroughs</i> will continue to be conducted to provide even shorter-cycle feedback in smaller intervals. • <i>Differentiation of professional development</i> will be planned out and occur very intentionally. The administrative team will meet to monitor the success of SIP strategies and assess walkthrough data to inform differentiated PD opportunities for teachers based on evidenced needs. • <i>Master and Mentor Teachers</i> will continue to provide timely and differentiated professional development. McGary's Principal has strategically hired Mentor Teachers for both ELA and Math who will teach half-time and coach half-time. McGary will also provide a full-time Master Teacher. • <i>Professional Learning Communities</i> will be teacher/team-led, though supported by the Master Teacher, principal, and OTS team as necessary. • See attached PD calendar (Initial iteration – not reflective of the continuous/daily embedded coaching support that will take place nor schedule of differentiated support for staff that will be developed by the leadership team.) • Staff will be consistently supported and developed to ensure that daily procedures in classrooms are implemented and successful. The Administrative Team will communicate these expectations regularly and coaches will model, as necessary. • The EVSC has a <i>Professional Development Website/Calendar</i> for the entire district, which organizes all Professional Development offerings, tracks attendance and completion towards <i>license renewal credits</i>. In addition, the new digital teacher

			<p>effectiveness/evaluation tool, iObservation, which will be implemented districtwide 2014-15 offers teachers on demand digital professional development as well as a means to track/document professional growth and development.</p>
	<p>5. Implement strategies to recruit, place, and retain staff (financial incentives, promotion, career growth, flexible work time).</p>	<ul style="list-style-type: none"> • No additional information needed for renewal. 	<p>No additional information needed for renewal</p>
	<p>6. Provide increased learning time for students and staff.</p>	<p>Students</p> <ul style="list-style-type: none"> • Provide extended learning schedule for students for 2014-2015 school year. Plan should be intentional; provide significant amount of increased learning time; and have a way in which to measure outcomes. • Provide information on how students will be invited and informed of extended learning opportunities. • Provide documentation regarding minutes/schedule – how has daily schedule 	<ul style="list-style-type: none"> • See attached school calendar for 2014-2015 (including regular EVSC calendar for comparison). • See attached Student Extended Learning sheet. Students will have extended learning opportunities through After School programming, Core Experience trips, Twilight alternative learning program in lieu of out of school suspension, and Flex remediation/enrichment time. Students and families are invited to extended learning opportunities through personal conversations, social media, phone calls, ConnectEd messages, flyers, handouts, the school website, and other means. • See attached PD calendar. Teachers will have daily individual planning time as well as daily PLC time within their contracted day. One PLC time per week (noted on calendar) will be Professional Development topics presented by the Master Teacher.

		<p>and/or calendar changed since being part of SIG.</p> <p>Staff</p> <ul style="list-style-type: none"> Provide schedule of planning time, PLC time, and any other Professional Development planned. 	
	7. Use data to implement an aligned instructional program.	<ul style="list-style-type: none"> Provide documentation regarding implementation of comprehensive improvement of instructional approaches for struggling students including focused professional development and a system for student progress monitoring. 	<ul style="list-style-type: none"> Based on data from ISTEP, Acuity, AimsWeb, Achieve3000, common assessments, and student work, McGary will continue working to differentiate instruction within Tier I. They will also continue to implement their Flex period, which enables them to provide remediation by student, by standard. McGary will also continue to provide weekly Professional Development that is determined by formative data gathered by instructional leaders during observations and walkthroughs. EVSC's Transformation Zone has very robust performance monitoring processes in place for its schools, including TZ-Wide Data Dashboards, OTS Checkpoints with school leadership teams based on school improvement planning and performance monitoring for implementation, short- and mid-term metrics, and also contracts with third party evaluators for additional services and support. In Spring 2014 monitoring from IDOE, feedback was shared with the Office of Transformational Support that its data dashboard is very "inclusive and detailed" and "seems very effective." School-based monitoring sessions, IDOE reported in Fall 2013 that the lead Lead Partner (OTS) and Mass Insight supporting partner were a "HUGE help to [McGary] school" and also reported "Lead Partner in Place" at McGary during Spring 2014 monitoring. EVSC also leads performance management sessions for all schools twice a year.

		<ul style="list-style-type: none"> In IDOE's External Evaluation report in 2013, the report stated, "McGary has made solid progress and is on track toward achieving all of its school improvement goals. Its progress can be attributed to a data-driven and best practice approach that is being advanced at the building leadership level with strong support and added coordination from the District Transformation Team (OTS) members and building leaders have discretion to make changes, apply additional resources to resolve problems and intensify support where it is needed to realize school goals." The OTS is working with IDOE, who has asked to replicate the best practices observed in these data-driven tools/systems during monitoring to utilize in other schools/districts across the state.
	<p>8. Promote the use of data to inform and differentiate instruction.</p>	<ul style="list-style-type: none"> Provide documentation of instructional monitoring system which will be used in 2014-2015 school year – this may include data meeting schedules, data goals, list of data points to be used, etc.  <p>The figure shows a data tracking software interface. At the top is a grid titled 'Acuity Matrix' with columns for 'Student Data', 'My Goals', 'Me-Score', 'Predictive Performance (PPI, ENR)', and 'Growth Status, Typical vs'. Below this are three bar charts labeled 'Acuity A', 'Acuity B', and 'Acuity C', each showing student performance levels (e.g., 100, 95, 90, 85, 80, 75, 70, 65, 60, 55, 50, 45, 40, 35, 30, 25, 20, 15, 10, 5, 0). At the bottom is a section titled 'Data Chart Index' with rows for 'A:', 'B:', and 'C:'.</p> <p>STEP GOAL: Typical and High Growth -> continued improvement, listen in class, asking questions when don't understand</p>

			 	<ul style="list-style-type: none"> McGary will utilize the PLC framework for alignment of curriculum and data discussions as well as student data trackers to effectively implement ways to support students individual learning needs, fully integrated into the PLC infrastructure. Leadership team will provide follow up coaching for teachers on use of student data trackers and analysis of data to drive instruction and differentiated lessons McGary will continue to implement student goal-setting and encourage ownership of data; including schoolwide all the way down to individual students. Diagnostic and Readiness Audit Process with Feedback for School Leaders from MIE
9. Provide mechanisms for family and community engagement.	<ul style="list-style-type: none"> Provide Family and Community Engagement Activities (timeline, calendar, or list of possible activities) that are focused on learning and needs of middle school students and families. Provide goals for establishing community partners who will be able to assist with sustaining improvement efforts. 	<ul style="list-style-type: none"> See additional attachment (McGary Family & Community Engagement). McGary has established and maintain multiple community partnerships (see list). Each is crucial for different reasons in running the school. They were formed by a variety of means, with each partnership listed having been with McGary for at least two years. McGary's initial focus with family and community engagement teams will be to fully align support to the priorities and goals of the school, including bringing in other strategic partners as determined necessary. This indicator is fully embedded as an integral part of school improvement planning. 		

	<p>10. Give the school sufficient operational flexibility (staffing, calendars/time, and budgeting).</p> <ul style="list-style-type: none"> • <i>No additional information needed for renewal.</i> 	<i>No additional information needed for renewal</i>

EVSC District Calendar

Most EVSC schools are on the regular school calendar as listed below. Two schools in the EVSC are Equity Schools - Delaware Elementary and McGary Middle School. These two schools operate on a slightly altered calendar. Please refer to the documents below when wanting to obtain information about days schools are in session.

A list of graduation dates, times, and locations for the 2014-15 school year are also listed below.

Questions?

Call 812-435-0207 for additional information.

Extended Learning

After School Programming

Two 15 week sessions; 1 in the fall and 1 in the spring
4 days a week for 1.5 hours after school
6 additional hrs per week (180 hours total for the year)

Intentional focus on STE(A)M with plans to include Engineering, Coding for Girls, Coding with Web Design, Financial Literacy, Career Exploration, Youth Film Project, Mystery Theater, Student Leadership Team, and Math Lab.

Outcomes measured by Diehl Evaluation and the 21st Century Grant.

All families are mailed information regarding extended learning opportunities. Additionally, flyers, posters, intercom announcements and the newsletter help to inform students and families of these opportunities.

Core Experience Trips

6th grade to St. Louis City Museum – May 2015

7th Grade to Indianapolis Zoo – May 2015

8th Grade to Marengo Cave – May 2015

Each grade level team will develop lessons prior to the trip as well as a culminating project/activity upon completion of the trip to extend the learning.

Additional Core Experience Trips

For the past two years, students have also had the opportunity to see either a local theater production (University of Evansville) and/or a production by a professional touring company. Last year for example the entire 6th grade attended War Horse in Louisville. Possibilities for the 2014-15 school year include: STOMP and Beauty and the Beast.

Twilight Program

(4 hour program in lieu of suspension)

Individual and small group instruction with teachers

Outcomes measured by pre/post assessment.

Calendar/Daily Minutes Added

2013-14 – Student day began 15 minutes earlier than 2012-13. (2700 additional minutes).

2014 – 15 Student day will remain the same number of minutes as 2013-14.

30 minute FLEX time included in daily schedule for 2014-15 for remediation/enrichment.

McGary - Family & Community Engagement:

"Driven by a culture of high expectations and collaboration, McGary puts kids first through data-driven instruction and strong relationships..."

F & C Focus: Family and community engagement at McGary will be closely aligned priorities and goals in the SIP.

All stakeholders will strive to unify around and support a common goal and vision.

List of Community Partners (McGary Middle School)

McGary has established and maintained a multitude of community partners. Each is crucial for different reasons that support student success. Partnerships are continuously developed through a variety of means. Each partnership included on this list has meaningfully supported for at least two years, though many have been committed partners for much longer.

- Big Brothers – Finding and matching mentors for our students
- YMCA – Ongoing after school programs adding lunchtime programs for 2014-15 school year
- Youth First – Lunch programs
- Lampion – Lunch programs
- Girl Scouts – Lunch programs, Reality-Apolis
- DaVinci Group/Alliance of Partners – STE(A)M
- Junior Achievement – Job Shadow and Career Exploration for our 8th graders
- Bethel Temple Church – Ongoing partnership working in our community garden as well as volunteers working family nights and working with them for back to school supplies, snacks during flex/ISTEP weeks Christmas “gloves for kids program”
- Horizon Homes – Giving our kids a service learning opportunity.
- Wal-Mart – Monetary funds for our family nights, PBIS, community garden needs as well as family needs.
- HG McCullough Designers – Monetary funds for our student/family needs.
- Banterra Bank – Monetary help for student/family needs.
- Kohl’s – Working with them for PBIS and family needs.
- Burger King, McDonalds, Fazoli’s, Pizza Hut, Baskin Robbins, Show Place, Skate World, Sonic all helping with PBIS incentives, student of the month, reading rewards, and family nights, and resource incentives.
- Health South - Monetary funds for service learning expenses as well as classes with students (Example: Brain injury awareness month).
- Berry Plastics - Product donations for Students.
- St. Mary’s - Several years of student CPR training, nutrition classes and product donations for students and families.
- Evansville Museum and CMOE - Each year offering interactive educational tours for our students.
- Energizing Indiana - New partner last year to help all our low income families get weatherization’s done to their homes, partnership will continue until the program is over for Indiana.
- Mesker Park Zoo - Several trips with self-contained classes to do recycling classes and real work experiences.
- Gatti Town - Work with them for self- contained classes to get real work experiences.
- Wesselman’s Nature Center - Work with them to give self-contained classes real work experiences.
- Youth Resources - Award several scholarships to our Teenpower girls to go to camp free, whom otherwise would not be able to attend.
- Keep Evansville Beautiful - Award grant dollars each year to help our ongoing work in our community garden.
- Holly’s House - Worked with for a 6th grade program several years, have since ceased and introduced in our feeder schools to lower grades but still work with them doing service learning projects for them throughout the year.
- Hillcrest/safe place - Lunch time progra

Domain 1: Instructional Design and Assessment

Competency:	1	2	3	4	5
1.1 Effective Lesson Design [Artifacts]	<p>a) Lesson plans seldom evidence support to address individual student needs and increase student engagement.</p> <p>b) Lesson plans frequently lack a beginning, middle, and end.</p> <p>c) Lessons or units are rarely structured with reasonable time allocations linked to tasks and activities.</p> <p>d) Plans rarely include formative assessment to check for understanding of lesson objectives.</p> <p>e) Teacher rarely provides plans for substitute teachers that are clear and easily followed.</p>	<p>a) Lesson plans evidence support to address individual student needs and increase student engagement.</p> <p>b) Lesson plans include beginning, middle, and end.</p> <p>c) Lessons or units are well structured with reasonable time allocations linked to tasks and activities.</p> <p>d) Plans consistently include formative assessment to check for understanding of lesson objectives.</p> <p>e) Plans for substitute teachers are clear and easily followed.</p>	<p>a) Lesson plans evidence support to address individual student needs and increase student engagement.</p> <p>b) Lesson plans include beginning, middle, and end.</p> <p>c) Lessons or units are well structured with reasonable time allocations linked to tasks and activities.</p> <p>d) Plans consistently include formative assessment to check for understanding of lesson objectives.</p> <p>e) Plans for substitute teachers are clear and easily followed.</p>	<p>a) Lesson plans evidence support to address individual student needs and increase student engagement.</p> <p>b) Lesson plans include beginning, middle, and end.</p> <p>c) Lessons or units are well structured with reasonable time allocations linked to tasks and activities.</p> <p>d) Plans consistently include formative assessment to check for understanding of lesson objectives.</p> <p>e) Plans for substitute teachers are clear and easily followed.</p>	<p>a) Lesson plans evidence support to address individual student needs and increase student engagement.</p> <p>b) Lesson plans include beginning, middle, and end.</p> <p>c) Lessons or units are well structured with reasonable time allocations linked to tasks and activities.</p> <p>d) Plans consistently include formative assessment to check for understanding of lesson objectives.</p> <p>e) Plans for substitute teachers are clear and easily followed.</p>
1.2 Standards-Based Instructional Goals and Learning Outcomes [Artifacts]	<p>a) Teacher's plans and instruction are seldom aligned to available district curriculum maps or state content standards.</p> <p>b) Teacher rarely develops unit plans that scaffold objectives to build mastery of the standards.</p> <p>c) Teacher's lesson objective is unclear, difficult to measure, and not aligned to standards.</p> <p>d) Teacher rarely designs daily lessons, activities, and assignments aligned to lesson objectives.</p>	<p>a) Teacher's plans and instruction are aligned with available district curriculum maps or state content standards.</p> <p>b) Teacher frequently develops unit plans that scaffold objectives to build mastery of the standards.</p> <p>c) Teacher's lesson objective is specific, measurable, and aligned to standards.</p> <p>d) Teacher designs daily lessons, activities, and assignments aligned to lesson objectives.</p>	<p>a) Teacher's plans and instruction are aligned with available district curriculum maps or state content standards.</p> <p>b) Teacher frequently develops unit plans that scaffold objectives to build mastery of the standards.</p> <p>c) Teacher's lesson objective is specific, measurable, and aligned to standards.</p> <p>d) Teacher designs daily lessons, activities, and assignments aligned to lesson objectives.</p>	<p>a) Teacher's plans and instruction are aligned with available district curriculum maps or state content standards.</p> <p>b) Teacher consistently develops unit plans that scaffold objectives to build mastery of the standards.</p> <p>c) Teacher's lesson objective is specific, measurable, and aligned to standards.</p> <p>d) Teacher designs daily lessons, activities, and assignments aligned to lesson objectives.</p>	<p>a) Teacher's plans and instruction are aligned with available district curriculum maps or state content standards.</p> <p>b) Teacher consistently develops unit plans that scaffold objectives to build mastery of the standards.</p> <p>c) Teacher's lesson objective is specific, measurable, and aligned to standards.</p> <p>d) Teacher designs daily lessons, activities, and assignments aligned to lesson objectives.</p>
1.3 Multiple Assessments Aligned to Goals and Learning Outcomes [Artifacts]	<p>a) Teacher rarely uses prior assessment data to formulate differentiated instruction, unit plans, and lesson plans.</p> <p>b) Teacher rarely uses formative assessments to inform instruction and measure progress toward mastery.</p> <p>c) Teacher rarely creates or uses summative</p>	<p>a) Teacher frequently uses prior assessment data to formulate differentiated instruction, unit plans, and lesson plans.</p> <p>b) Teacher frequently uses formative assessments to inform instruction and measure progress toward mastery.</p> <p>c) Teacher creates or uses summative</p>	<p>a) Teacher regularly uses prior assessment data to formulate differentiated instruction, unit plans, and lesson plans.</p> <p>b) Teacher consistently uses formative assessments to inform instruction and measure progress toward mastery.</p> <p>c) Teacher creates or uses summative</p>	<p>a) Teacher regularly uses prior assessment data to formulate differentiated instruction, unit plans, and lesson plans.</p> <p>b) Teacher consistently uses formative assessments to inform instruction and measure progress toward mastery.</p> <p>c) Teacher creates or uses summative</p>	<p>a) Teacher regularly uses prior assessment data to formulate differentiated instruction, unit plans, and lesson plans.</p> <p>b) Teacher consistently uses formative assessments to inform instruction and measure progress toward mastery.</p> <p>c) Teacher creates or uses summative</p>

Essential Competency

assessments, (end of unit, end of quarter, end of term).

assessments that effectively measure student understanding and progress toward mastery, (end of unit, end of quarter, end of term).

- d) Teacher provides students clearly stated learning objectives accompanied by scales or rubrics that describe levels of performance relative to the learning objective and based on the varied needs of students.
- e) Teacher creates opportunities for students to participate in developing assessments to assess their progress toward mastery.

Domain 2: Instructional Delivery

Competency

3

5

Teacher prepares materials in advance for lessons.

Teacher implements learning activities that have a purpose and are linked to instructional outcomes.

Teacher integrates the use of digital tools and resources that are appropriate. Materials, resources, and activities support the learning goals and require intellectual engagement appropriate for content and development.

Teacher sometimes provides materials, activities, and resources that offer students choice when appropriate.

Teacher adapts or creates resources, activities, and/or materials that engage students in strategic and extended thinking.

Most students can identify the learning goal supported by the resource, activity, or materials selected by the teacher.

Teacher communicates what students are learning and what they will be able to do by the end of the lesson.

Teacher's presentation of content is most often clear, concise and well organized.

Teacher's presentation of content is unclear and disorganized.

Teacher does not use a variety of ways to engage with content and maintain student interest, extend and apply content, concepts, and

assessments, (end of unit, end of quarter, end of term).

assessments that effectively measure student understanding and progress toward mastery, (end of unit, end of quarter, end of term).

- a) Teacher prepares materials in advance for lessons.
- b) Teacher consistently implements learning activities that have a purpose and are linked to instructional outcomes.
- c) Teacher purposefully integrates the use of digital tools and resources that are appropriate.
- d) Materials, resources and activities support the learning goals and require intellectual engagement appropriate for content and development.

- e) Teacher provides materials, activities, and resources that offer students choice when appropriate.
- f) Teacher adapts or creates resources, activities, and/or materials that engage students in strategic and extended thinking.

- g) Most students can identify the learning goal supported by the resource, activity, or materials selected by the teacher.
- h) Teacher communicates what students are learning and what they will be able to do by the end of the lesson.

- i) Teacher's presentation of content is most often clear, concise and well organized.
- j) Teacher uses a variety of ways to engage with content and maintain student interest, extend and apply content, concepts, and

assessments, (end of unit, end of quarter, end of term).

assessments that effectively measure student understanding and progress toward mastery, (end of unit, end of quarter, end of term).

- a) Teacher provides students clearly stated learning objectives accompanied by scales or rubrics that describe levels of performance relative to the learning objective and based on the varied needs of students.
- b) Teacher creates opportunities for students to participate in developing assessments to assess their progress toward mastery.

- c) Teacher adapts or creates resources, activities, and/or materials that engage students in strategic and extended thinking.
- d) Teacher communicates what students are learning and what they will be able to do by the end of the lesson.

- e) Teacher's presentation of content is most often clear, concise and well organized.
- f) Teacher uses a variety of ways to engage with content and maintain student interest, extend and apply content, concepts, and

- g) Teacher's presentation of content is clear, concise and well organized, and routinely invites student participation and thinking.
- h) Teacher consistently uses a variety of ways

assessments, (end of unit, end of quarter, end of term).

assessments that effectively measure student understanding and progress toward mastery, (end of unit, end of quarter, end of term).

- a) Teacher prepares materials in advance for lessons.
- b) Teacher consistently implements learning activities that have a purpose and are linked to instructional outcomes.
- c) Teacher purposefully integrates the use of digital tools and resources that are appropriate.
- d) Materials, resources and activities support the learning goals and require intellectual engagement appropriate for content and development.

- e) Teacher adapts or creates resources, activities, and/or materials that engage students in strategic and extended thinking.
- f) Teacher communicates what students are learning and what they will be able to do by the end of the lesson.

- h) Teacher uses a variety of ways to engage with content and maintain student interest, extend and apply content, concepts, and

- i) Teacher's presentation of content is clear, concise and well organized, and routinely invites student participation and thinking.
- j) Teacher consistently uses a variety of ways

concepts, and academic vocabulary

- concepts, and academic vocabulary appropriately.**

d) Teacher is **rarely responsive to student learning needs.**

e) Teacher uses whole group instruction and rarely creates instructional grouping arrangements to maximize student understanding and learning efficiency.

f) Teacher rarely implements differentiated instructional methods.

g) Teacher **rarely utilizes a gradual release of responsibility model (modeling, guided practice, and independent practice) when presenting content and supporting student learning.**

h) Teacher rarely uses examples, metaphors, analogies, or illustrations to link student experiences and understandings to new content.

academic vocabulary appropriately.

d) Teacher is **usually responsive to student learning needs.**

e) Teacher frequently **creates instructional grouping arrangements** (i.e. whole class, small groups, pairs, individual; ^{heterogeneous or homogenous ability}) to maximize student understanding and learning efficiency.

f) Teacher frequently **implements differentiated instructional methods.**

g) Teacher frequently **utilizes a gradual release of responsibility model** (modeling, guided practice, and independent practice) when presenting content and supporting student learning.

h) Teacher frequently **uses examples, metaphors, analogies, or illustrations to link student experiences and understandings to new content.**

to engage with content and maintain academic vocabulary appropriately.

- academic vocabulary appropriately.
 - Teacher is usually responsive to student learning needs.
 - d) Teacher frequently creates instructional grouping arrangements (i.e., whole class, small groups, pairs, individual);
heterogeneous or homogenous ability) to maximize student understanding and learning efficiency,
 - e) Teacher frequently implements differentiated instructional methods,
 - f) Teacher frequently utilizes a gradual release of responsibility model (modeling, guided practice, and independent practice) when presenting content and supporting student learning.
 - g) Teacher frequently uses examples, metaphors, analogies, or illustrations to link student experiences and understandings to new content.
 - to engage with content and maintain student interest, extend and apply content concepts, and academic vocabulary appropriately.
 - d) Teacher is consistently responsive to student learning needs.
 - e) Teacher consistently creates instructional grouping arrangements (either whole class, small groups, pairs, individual); heterogeneous or homogenous ability) to maximize student understanding and learning efficiency.
 - f) Teacher consistently implements differentiated instructional methods.
 - g) Teacher consistently utilizes a gradual release of responsibility model (modeling, guided practice, and independent practice) when presenting content and supporting student learning.
 - h) Teacher consistently uses examples,

2.3 Lesson Pacing and Structure (Observation)

- a) Lessons rarely include beginning, middle, end, and transitions are a distraction.

b) Teacher rarely paces instruction to provide students the time needed to be engaged in meaningful work and develop mastery.

c) Teacher rarely makes appropriate adjustments in pacing for students who learn at different rates.

d) Instructional time is frequently lost due to lesson structure, pacing, or inappropriate use of instructional time.

a) Lessons include beginning, middle, and end with mostly seamless transitions.

b) Teacher frequently paces instruction to provide students the time needed to be engaged in meaningful work and develop mastery.

c) Teacher makes appropriate adjustments in pacing for students who learn at different rates.

d) Loss of instructional time is minimal.

a) Lessons include beginning, middle, and end with seamless transitions.

b) Teacher consistently paces instruction to provide students the time needed to be engaged in meaningful work and develop mastery.

c) Teacher consistently makes appropriate adjustments in pacing for students who learn at different rates.

d) Teacher intentionally structures transitions to maximize instructional time.

a) Teacher mostly calls on volunteers or high ability students.

- Teacher frequently calls on volunteers, non-volunteers, and a balance of students (i.e., gender, ability).**

a) Teacher consistently calls on volunteers, non-volunteers, and a balance of students (i.e., gender, ability).

- b) Teacher consistently uses wait time effectively both after posing a question and before helping students think through a response.**

c) Teacher rarely asks questions that are varied, high quality, and provide a balance of question types (i.e. knowledge, comprehension, application, analysis, creation, and evaluation).

d) Teacher rarely asks students to justify their reasoning or offer multiple solutions/answers to a problem.

e) Teacher rarely uses questions that require active responses (i.e. whole class signals, choral response, group answers).

f) Teacher frequently asks questions that are varied, high quality, and provide a balance of question types (i.e. knowledge, comprehension, application, analysis, creation, and evaluation).

g) Teacher frequently asks questions that are varied, high quality, and provide a balance of question types (i.e. knowledge, comprehension, application, analysis, creation, and evaluation).

h) Teacher frequently asks students to justify their reasoning or offer multiple solutions/answers to a problem.

i) Teacher frequently uses questions that require active responses (i.e. whole class signals, choral response, group answers).

j) Teacher consistently asks questions that are varied, high quality, and provide a balance of question types (i.e. knowledge, comprehension, application, analysis, creation, and evaluation).

k) Teacher consistently asks students to justify their reasoning or offer multiple solutions/answers to a problem.

l) Teacher builds on student responses to questions in order to deepen student understanding.

m) Teacher routinely uses strategies (i.e. circle back, scaffold, ask a friend) to hold students accountable for responding to questions.

n) Teacher provides opportunities for students to apply knowledge to solve complex, multi-step, or unique problems.

o) Teacher encourages students to work hard and persist when faced with difficult tasks.

p) Teacher frequently models meta-cognitive strategies (thinking about your thinking) to help students understand content.

q) Teacher provides some opportunities for students to apply knowledge to solve complex, multi-step, or unique problems.

r) Teacher rarely encourages students to work hard and persist when faced with difficult tasks.

s) Teacher rarely models meta-cognitive strategies (thinking about your thinking) to help students understand content.

t) Teacher rarely provides opportunities for students to explain their thinking.

u) Teacher consistently asks questions that are varied, high quality, and provide a balance of question types (i.e. knowledge, comprehension, application, analysis, creation, and evaluation).

v) Teacher consistently asks students to justify their reasoning or offer multiple solutions/answers to a problem.

w) Teacher consistently uses questions that require active responses (i.e. whole class signals, choral response, group answers).

x) Teacher provides opportunities for students to initiate their own higher order questions.

y) Teacher builds on student responses to questions in order to deepen student understanding.

z) Teacher adapts and creates new strategies for students to practice, apply, and demonstrate that they are learning in meaningful ways.

aa) Teacher helps students generate and test new hypotheses when faced with difficult tasks.

bb) Feedback is specific and focused on academic improvement.

cc) Teacher provides feedback from a variety of sources (teacher, peers, verbal, non verbal, written), that is academically focused and high quality.

dd) Teacher consistently circulates during instructional activities to prompt thinking, assess progress, and provide individual feedback.

ee) Teacher expects students to assess their own work and make improvements.

ff) Teacher provides oral and written feedback that is academically focused and high quality.

gg) Teacher circulates during instructional activities to prompt thinking, assess progress, and provide individual feedback.

hh) Teacher expects students to assess their own work and make improvements.

2.5 Thinking and Problem Solving

EVSC Teacher Evaluation Rubric® 5-13-14

d)	Teacher consistently expects students to make improvements by examining their own work for errors in factual information, logic, or inappropriate use of reference materials.	e)	Teacher provides opportunities for students to give specific, high quality feedback to each other.		
2.7 Teacher Knowledge of Students (Artifacts & Observation)	<p>a) Teacher is aware of how students differ as learners (i.e. culture, language, gender, interest, readiness to learn, confidence, independence, modality) and often differentiates based on process, product, or content.</p> <p>b) Teacher rarely notices/anticipates students' learning difficulties/strengths and fails to provide strategies and accommodations.</p> <p>c) Teacher rarely assesses and adjusts instruction to accommodate for students' skill level and readiness to learn and content is not accessible or challenging for most students.</p> <p>d) Teacher's practice does not demonstrate an understanding of the students' interests and cultural heritage.</p>	<p>a) Teacher is aware of how students differ as learners (i.e. culture, language, gender, interest, readiness to learn, confidence, independence, modality) and consistently differentiates based on process, product, or content.</p> <p>b) Teacher notices/anticipates students' learning difficulties/strengths and frequently provides strategies and accommodations.</p> <p>c) Teacher frequently assesses and adjusts instruction to accommodate for students' skill level and readiness to learn so that content is accessible and challenging for most students.</p> <p>d) Teacher adapts and creates strategies that are inclusive of varied backgrounds, interests, and cultural heritage.</p>	<p>a) Teacher's vocabulary and usage are correct and entirely suited to the content, including explanations of academic vocabulary.</p> <p>b) Teacher demonstrates content knowledge of subjects he or she teaches and delivers content that is factually correct.</p> <p>c) Teacher frequently implements subject-specific instructional strategies to enhance student content knowledge.</p> <p>d) Teacher highlights key concepts and ideas. Teacher sometimes uses key concepts and ideas as basis to connect other content and ideas.</p>	<p>a) Teacher's vocabulary and usage are correct and entirely suited to the content, including explanations of academic vocabulary.</p> <p>b) Teacher demonstrates content knowledge of subjects he or she teaches and delivers content that is factually correct.</p> <p>c) Teacher consistently implements subject-specific instructional strategies to enhance student content knowledge.</p> <p>d) Teacher highlights key concepts and ideas. Teacher sometimes uses key concepts and ideas as basis to connect other content and ideas.</p>	<p>a) Teacher has a deep understanding of the content and routinely breaks it into small chunks of information or skills that can be easily processed by students.</p> <p>b) Teacher adapts and/or creates new</p>
2.8 Teacher Knowledge of Content (Observation)	<p>a) Teacher rarely implements subject-specific instructional strategies to enhance student content knowledge.</p> <p>b) Teacher rarely highlights key concepts and ideas.</p> <p>c) Teacher seldom uses key concepts and ideas as basis to connect other content and ideas.</p>	<p>a) Teacher has a deep understanding of the content and routinely breaks it into small chunks of information or skills that can be easily processed by students.</p> <p>b) Teacher adapts and/or creates new</p>			

strategies based on updates or changes in curriculum or content.

EVSC Teacher Evaluation Rubric® 5-13-14

Domain 3: Learning Environment

Competency:	3.1 Expectations (Observation)	Teacher rarely establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	a) Teacher rarely establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	b) Teacher rarely conveys an expectation of high levels of student effort.	c) Teacher rarely creates challenging learning opportunities in which students can experience success.	d) Teacher frequently establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	e) Teacher frequently conveys an expectation of high levels of student effort.	f) Teacher frequently creates challenging learning opportunities in which students can experience success.
Competency:	3.2 Managing Student Behavior (Artifact & Observation)	Teacher rarely establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	a) Most students do not appear to follow posted school-wide expectations, classroom rules, and procedures.	b) Teacher rarely discourages inappropriate behavior by correcting social errors, consistently following classroom procedures and expectations, using active supervision, calm, immediate responses, or re-teaching, attending to, and praising expected behaviors.	c) Classroom management plan does not include a range of interventions and consequences for most minor behaviors.	d) Teacher rarely uses positive behavior strategies including classroom interventions (i.e. immediate specific praise, acknowledgement, contingent activities, and appropriate consequences) to increase and maintain appropriate student behavior.	e) Teacher rarely applies interventions and consequences for minor behaviors and documents appropriately.	f) Teacher responds to disruptive behavior in a way that causes significant disruption to the learning process and escalates negative student behavior.
Competency:	3.2 Managing Student Behavior (Artifact & Observation)	Teacher rarely establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	a) Teacher frequently establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	b) Teacher frequently conveys an expectation of high levels of student effort.	c) Teacher frequently creates challenging learning opportunities in which students can experience success.	d) Teacher sets the expectation and acknowledges students' capacity for achievement in both academic and personal accomplishments.	e) Students consistently appear to follow posted school-wide expectations, classroom rules, and procedures.	f) Teacher consistently responds to disrespectful behavior in a way that minimizes disruption to the learning process and de-escalates negative student behavior.
Competency:	3.3 Managing Student Behavior (Artifact & Observation)	Teacher rarely establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	a) Most students appear to follow posted school-wide expectations, classroom rules, and procedures.	b) Teacher regularly discourages inappropriate behavior by correcting social errors, consistently following classroom procedures and expectations, using active supervision, calm, immediate responses, or re-teaching, attending to, and praising expected behaviors.	c) Classroom management plan includes a range of interventions and consequences for most minor behaviors.	d) Teacher regularly uses positive behavior strategies including classroom interventions (i.e. immediate specific praise, acknowledgement, contingent activities, and appropriate consequences) to increase and maintain appropriate student behavior.	e) Teacher applies interventions and consequences for minor behaviors and documents appropriately.	f) Teacher responds to disruptive behavior in a way that minimizes disruption to the learning process and de-escalates negative student behavior.
Competency:	3.3 Managing Student Behavior (Artifact & Observation)	Teacher rarely establishes high expectations and standards of conduct for a positive learning environment and appropriate behavior.	a) Students consistently appear to follow posted school-wide expectations, classroom rules, and procedures.	b) Teacher consistently discourages inappropriate behavior by correcting social errors, consistently following classroom procedures and expectations, using active supervision, calm, immediate responses, or re-teaching, attending to and praising expected behaviors.	c) Classroom management plan includes a range of interventions and consequences for most low-level behaviors.	d) Teacher consistently uses positive behavior strategies including classroom interventions (i.e. immediate specific praise, acknowledgement, contingent activities, and appropriate consequences) to increase and maintain appropriate student behavior.	e) Teacher consistently applies interventions and consequences for minor behaviors and documents appropriately.	f) Teacher consistently responds to disrespectful behavior in a way that minimizes disruption to the learning process and de-escalates negative student behavior.

student behavior.

- and de-escalates negative student behavior.
- B) Teacher often involves students in designing classroom rules, routines, procedures, and acknowledgements.
- h) Teacher adapts and creates new strategies to review and strengthen students' ability to regulate their own behavior.
- i) Teacher understands how students differ as learners and is proactive addressing how that impacts classroom dynamics.
- a) Teacher often arranges the physical environment to accommodate instructional strategies and student needs.
- b) All students are able to see and hear the teacher and see visual aids.
- c) Teacher ensures all students know and use productive group work structures and protocols.
- d) Teacher has established safe and effective routines for distribution and collection of materials and supplies.
- e) Classroom is always safe and well organized to most students.
- f) Teacher organizes the physical layout of the classroom with clear traffic patterns that enable maximum utilization of the space.
- g) Teacher adapts and creates new and/or novel uses of the classroom space.
- a) Teacher rarely arranges the physical environment to accommodate instructional strategies and student needs.
- b) Few students are able to see and hear the teacher or see visual aids.
- c) Teacher rarely prompts students regarding productive group work structures and protocols.
- d) Teacher has established few safe and effective routines for distribution and collection of materials and supplies.
- e) Classroom is not safe or well organized to most students.
- a) Teacher has a positive rapport with students and rarely shows genuine interest in their thoughts and opinions.
- b) The students routinely exhibit disrespect for the teacher and each other.
- c) Teacher rarely acknowledges or utilizes the unique experiences and cultures of the students to add value to the learning experience.
- a) Teacher lacks positive rapport with students and rarely shows genuine interest in their thoughts and opinions.
- b) The students routinely exhibit disrespect for the teacher and each other.
- c) Teacher regularly acknowledges and utilizes the unique experiences and cultures of the students to add value to the learning experience.
- a) The students consistently exhibit respect for the teacher and each other.
- b) Teacher consistently acknowledges and utilizes the unique experiences and cultures of the students to add value to the learning experience.
- c) Teacher consistently acknowledges and utilizes the unique experiences and cultures of the students to add value to the learning experience.
- d) Teacher constantly shows respect to students and communicates in a way that is professional, positive, and inclusive of all students.
- e) Teacher creates and/or intentionally encourages an environment in which each student understands, owns, and values his or her role in supporting a respectful culture for learning.

Domain 4: Collaboration and Professional Responsibilities

Competency	4.1 Collaboration with Colleagues (Artifacts, Non-Classroom Observation, Conferencing)	4.2 Continuous Professional Skills and Knowledge Development (Artifacts, Non-Classroom Observation)
a) Teacher rarely identifies and participates in opportunities to work with and learn from others.	a) Teacher regularly identifies and participates in opportunities to work with and learn from others.	a) Teacher intentionally pursues and participates in opportunities to work with and learn from others.
b) Teacher rarely asks for assistance and seldom provides assistance to others.	b) Teacher asks for assistance, when needed, and regularly provides assistance to others.	b) Teacher asks for assistance, when needed, and consistently provides assistance or support to others.
c) Teacher does not maintain a positive rapport or follows established norms of collaboration.	c) Teacher maintains a positive rapport and follows established norms of collaboration.	c) Teacher maintains a positive rapport and follows established norms of collaboration (i.e. extinguishing negative conversations about other teachers or students).
d) Teacher rarely participates in professional collaboration (i.e. team planning, PLC's) and decision-making.	d) Teacher participates in professional collaboration (i.e. team planning, PLC's) and decision-making.	d) Teacher consistently participates in professional collaboration (i.e. team planning, PLC's) and decision-making.
e) Teacher rarely collaborates in a team that uses data to inform and improve professional practices and respond to students who need intervention or enrichment.	e) Teacher collaborates in a team that uses data to inform and improve professional practices and respond to students who need intervention or enrichment.	e) Teacher interacts positively with colleagues to promote and support student learning in situations throughout the school day.
a) Teacher rarely seeks opportunities for continuous professional development.	a) Teacher seeks regular opportunities for continuous professional development.	a) Teacher consistently seeks opportunities for continuous professional development.
b) Teacher rarely seeks feedback from supervisors and colleagues for the purpose of refining practice.	b) Teacher regularly seeks feedback from supervisors and colleagues for the purpose of refining practice.	b) Teacher actively seeks feedback from supervisors and colleagues for the purpose of refining practice.
c) Teacher rarely examines his/her instructional practices including activities and content and the impact on student achievement.	c) Teacher frequently examines his/her instructional practices including activities and content and the impact on student achievement.	c) Teacher consistently examines his/her instructional practices including activities and content and the impact on student achievement.
d) Teacher rarely assesses the lesson to examine specific indicators of effectiveness.	d) Teacher frequently assesses the lesson to examine specific indicators of effectiveness.	d) Teacher consistently assesses the lesson to examine specific indicators of effectiveness.
e) Teacher rarely seeks ways to implement new practices into instruction.	e) Teacher frequently seeks ways to implement new practices into instruction.	e) Teacher consistently assesses the lesson to examine specific indicators of effectiveness.
f) Teacher routinely determines the effectiveness of the lesson or unit and identifies causes of success or difficulty.		f) Teacher consistently determines the effectiveness of the lesson or unit and identifies causes of success or difficulty.
g) Teacher consistently determines the effectiveness of specific instructional techniques regarding the achievement of subgroups of students and identifies specific reason for discrepancies.		g) Teacher consistently determines the effectiveness of specific instructional techniques regarding the achievement of subgroups of students and identifies specific reason for discrepancies.
h) Teacher initiates action research.		h) Teacher initiates action research.
i) Teacher is a critical consumer of		i) Teacher is a critical consumer of

4.3 Awareness and Advocacy of Students and Profession
(Artifacts & Non-Classroom Observation)

- a) Teacher does not display honesty, integrity, and confidentiality.
- b) Teacher does not foster a positive image of the profession.
- c) Teacher does not attempt to remedy obstacles impacting student achievement.
- d) Teacher does not advocate for students' individual needs.
- a) Teacher displays honesty, integrity, and confidentiality.
- b) Teacher fosters a positive image of the profession.
- c) Teacher frequently attempts to remedy obstacles impacting student achievement.
- d) Teacher frequently advocates for students' individual needs.
- e) Teacher consistently attempts to remedy obstacles impacting student achievement.
- f) Teacher consistently advocates for students' individual needs.
- g) Teacher seeks opportunities to contribute to and shares expertise, new ideas, and potential solutions that are intended to remedy obstacles impacting student achievement.

4.4 Stakeholder Engagement and Communications
(Artifacts & Non-Classroom Observation)

- a) Teacher rarely makes information about the instructional programs available to families.
- b) Teacher rarely communicates information about student progress to families.
- c) Teacher's communications are often inappropriate to families' cultural norms.
- d) Teacher rarely responds promptly to contact from parents.
- e) Teacher rarely participates in various types of parent outreach established by the school to engage parents in student learning.
- a) Teacher regularly makes information about the instructional programs available to families.
- b) Teacher regularly communicates information about student progress to families.
- c) Teacher's communications are appropriate to most families' cultural norms.
- d) Teacher responds promptly to contact from parents.
- e) Teacher consistently participates in various types of parent outreach established by the school to engage parents in student learning.
- f) Teacher considers input from families to plan for differentiated instruction.
- g) Teacher collaborates and cooperates with community partners to support individual and collective student needs.
- h) Teacher develops activities designed to engage families successfully and appropriately in their children's learning.

EVSC Teacher Evaluation Rubric[©] 5-13-14

4.5 Teacher Leadership [Artifacts & Observation]		4.5 Teacher Leadership [Artifacts & Observation]					
a) Teacher rarely contributes to events that positively impact school life.		a) Teacher frequently contributes to events that positively impact school life.					
b) Teacher rarely contributes ideas and expertise to further the school's mission and initiatives.		b) Teacher frequently contributes ideas and expertise to further the school's mission and initiatives.					
c) Teacher rarely takes a leadership role in school and/or team decision-making.		c) Teacher takes a leadership role in school and/or team decision-making.					
d) Teacher rarely contributes to school events.		d) Teacher routinely initiates and/or contributes to school events.					
e) Teacher rarely leads events that positively impact school life.		e) Teacher leads events that positively impact school life.					
f) Teacher rarely takes a leadership role in district initiatives.		f) Teacher takes a leadership role in district initiatives.					
4.6 Teacher Compliance to Policy and Procedures [Essential Competency]		4.6 Teacher Compliance to Policy and Procedures [Essential Competency]					
a) Teacher does not adhere to school-wide rules and procedures.		a) Teacher adheres to school-wide rules and procedures.					
b) Teacher does not adhere to expectations regarding accurate and timely recording and reporting of student related data.		b) Teacher adheres to expectations regarding accurate and timely recording and reporting of student related data.					
c) Teacher rarely provides student access to information about completed and/or missing assignments and how they are progressing academically.		c) Teacher provides students access to information about completed and/or missing assignments and how they are progressing academically.					
d) Teacher's process for monitoring student mastery of learning objectives is inefficient or ineffective.		d) Teacher has an efficient and effective process for monitoring student mastery of learning objectives.					
e) Teacher consistently involves students so they understand and utilize resources that help them track their learning (i.e. MBC, Parent Access).		e) Teacher consistently involves students so they understand and utilize resources that help them track their learning (i.e. MBC, Parent Access).

4. Improving Student Achievement	<p>goals are established, and data is analyzed, interpreted, and used to regularly monitor progress toward individual student achievement goals in Tier 1.</p> <p>b) The school leader is not consistent in ensuring data is presented in user-friendly formats and in a timely manner. Data is not consistently used to drive all decisions regarding climate, culture and student achievement.</p> <p>c) The school leader does not ensure that there is a specific schedule or process for the analysis of ongoing formative assessment data tied to curriculum that includes specific goals, defined strategies, progress monitoring and evaluation.</p> <p>d) The school leader does not meet regularly with the school data and/or leadership team to ensure that data is analyzed, interpreted, and used to regularly monitor school achievement goals.</p> <p>e) The school leader does not articulate present levels of student performance, including an understanding of common assessments utilized to collect data.</p>	<p>quarter to ensure that SMART goals are established, and data is analyzed, interpreted, and used to regularly monitor progress toward individual student achievement goals in Tier 1.</p> <p>b) The school leader ensures that data are presented in user-friendly formats and in a timely manner to drive all decisions regarding climate, culture and student achievement.</p> <p>c) The school leader ensures that there is a specific schedule and process for the analysis of ongoing formative assessment data tied to curriculum that includes specific goals, defined strategies, progress monitoring and evaluation.</p> <p>d) The school leader meets with the school data and/or leadership team a minimum of 1 time per month to ensure that data is analyzed, interpreted, and used to regularly monitor progress toward school achievement goals.</p> <p>e) The school leader understands and can articulate present levels of student performance, including an understanding of common assessments utilized to collect data.</p>
4.4 Guarantee d and Viable Curriculum	<p>a) The school leader has a limited awareness of Indiana's subject area standards and district tools (including curriculum maps) and does not consistently communicate the expectation that all teachers implement a rigorous, aligned curriculum and assessment system.</p> <p>b) The school leader does not regularly monitor to ensure that the curriculum being taught is aligned with district curriculum maps and/or Indiana Academic Standards for each subject area based on classroom observations and walkthroughs, monitoring Professional Learning Communities and review of lesson plans, activities, materials, resources and formative assessments.</p> <p>c) The school leader rarely checks to ensure that assessments are aligned with district curriculum maps and maps and/or Indiana Academic Standards for each subject area and does not consistently review of the work of grade level / content area Professional Learning Communities.</p> <p>d) Staff is observed and provided with feedback</p>	<p>a) The school leader demonstrates knowledge of Indiana's subject area standards and district tools (including curriculum maps) and articulates the expectation that all teachers implement a rigorous, aligned curriculum and assessment system.</p> <p>b) The school leader monitors to ensure that the curriculum being taught is aligned with district curriculum maps and/or Indiana Academic Standards for each subject area based on classroom observations and walkthroughs, monitoring Professional Learning Communities and review of lesson plans, activities, materials, resources and formative assessments.</p> <p>c) The school leader ensures that assessments are aligned with district curriculum maps and maps and/or Indiana Academic Standards for each subject area through the review of the work of grade level / content area Professional Learning Communities.</p> <p>d) All staff is observed and provided with meaningful feedback using walkthroughs or formal teacher observations on a regular basis (at least 5-10 min. 1 X week) to monitor curricular, instructional and pacing alignment.</p>

EVSC Principal Evaluation Rubric®

using walkthroughs or formal teacher observations inconsistently (fewer than 2 X per month for less than 5-10 min.) to monitor curricular, instructional and pacing alignment.

- 1.5 Maximizing Student Achievement**
- The school leader does not communicate high expectations for students or monitor whether student work is intellectually challenging, cognitively demanding, demonstrates mastery of standards, or that students receive meaningful feedback on their work.
 - The school leader does not consistently express a belief in the potential of all students and does not respond when adults display low assumptions about student potential.
 - The school leader does not utilize data to prioritize use of discretionary resources including fiscal resources to implement and support school improvement plan efforts. Most resource allocation are not consistently aligned to the school improvement plan.
 - The school leader creates a schedule that does not maximize time for core instruction, remediation, interventions and enrichment and does not ensure that teachers have opportunities for collaboration (Professional Learning Communities).
 - The school leader does not protect instruction time by limiting interruptions during the instructional day.
 - The school leader is not intentional regarding assignment/scheduling (based on licensure/certification) to maximize the capacity of all staff.

feedback using walkthroughs or formal teacher observations on a regular basis (at least 5-10 min. 2 X per month) to monitor curricular, instructional and pacing alignment.

- The school leader sets high expectations for students by ensuring student work is intellectually challenging, cognitively demanding, demonstrates mastery of standards; and that students receive meaningful feedback on their work.
- The school leader fosters a belief in the potential of all students by communicating this belief frequently, and responds most of the time when adults display low assumptions about student potential.
- The school leader utilizes data to prioritize use of discretionary resources including fiscal resources to implement and support school improvement plan efforts. Most resource allocation can be aligned to the school improvement plan.
- The school leader creates a schedule that maximizes time for core instruction, remediation, interventions and enrichment and ensures that teachers have opportunities for collaboration (Professional Learning Communities).
- The school leader protects instruction time by limiting interruptions during the instructional day.
- The school leader is intentional regarding assignment/scheduling (based on licensure/certification) to maximize the capacity of all staff and positively impact of all staff.

a) The school leader sets high expectations for students and regularly monitors student work to ensure it is intellectually challenging, cognitively demanding, demonstrates mastery of standards; and monitors to ensure that students receive meaningful feedback on their work.

- The school leader sets high expectations for students by ensuring student work is intellectually challenging, cognitively demanding, demonstrates mastery of standards; and that students receive meaningful feedback on their work.
- The school leader fosters an unwavering belief in the potential of all students by communicating this belief frequently and passionately and consistently responds when adults display low assumptions about student potential.
- The school leader utilizes data consistently and with intentionality to prioritize use of discretionary resources including fiscal resources to implement and support school improvement plan efforts. Most resource allocation can be aligned to the school improvement plan.
- The school leader creates a schedule that maximizes time for core instruction, remediation, interventions and enrichment and ensures that teachers have opportunities for collaboration (Professional Learning Communities), and flexible planning as needed.
- The school leader consistently protects instruction time by limiting interruptions during the instructional day and prioritizing student learning opportunities.
- The school leader is intentional regarding assignment/scheduling (based on licensure/certification) to maximize the capacity of all staff and positively impact student achievement.

e) The school leader ensures that the school has a school wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives, a plan to reteach procedures, and methods to monitor implementation.

- The school leader ensures that the school has a school wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives, a plan to reteach procedures, and methods to monitor implementation.
- The school leader and the school staff have developed a school-wide positive behavior plan and communicated it to students and parents. Expectations for behavior are visible and shared by staff and students.
- The school leader ensures that all staff is familiar with and implements the school-wide positive behavior plan with

f) The school leader does not ensure that the school has a school-wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives and methods to monitor implementation.

- The school leader has developed a school-wide positive behavior plan but little effort has been made to communicate it to students and parents. Expectations for behavior are not clearly visible.
- The school leader does not have a means in

c) The school leader ensures that all staff is familiar with and implements the school-wide positive behavior plan with

g) The school leader does not have a means in

- The school leader ensures that the school has a school wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives, a plan to reteach procedures, and methods to monitor implementation.
- The school leader and the school staff have developed a school-wide positive behavior plan and communicated it to students and parents. Expectations for behavior are visible and shared by staff and students.

Domain 2: Teacher Effectiveness

Competency:	1	2	3	4	5
2.1 Hiring and Staff Retention	<p>a) The school leader rarely considers data regarding teacher effectiveness as a primary factor in recruitment of staff outside the EVSC, hiring, hiring, and making teacher assignment decisions. The school leader does not have a robust process of identification of candidates including demo lessons or data tasks.</p> <p>b) The school leader rarely implements strategies to incentivize retaining teachers who are highly effective and rarely assists teachers in reaching highly effective status.</p> <p>c) The school leader has no defined process of induction to support teachers new to the school.</p>	<p>a) The school leader routinely considers data regarding teacher effectiveness as a factor in recruitment of staff outside the EVSC, hiring, and making teacher assignment decisions.</p> <p>b) The school leader implements strategies to incentivize retaining teachers who are highly effective and to assist teachers in reaching highly effective status.</p> <p>c) The school leader routinely implements a process of induction to support teachers new to the school.</p>	<p>a) The school leader intentionally considers data regarding teacher effectiveness as a primary factor in recruitment of staff outside the EVSC, hiring, and making teacher assignment decisions. In addition, the school leader considers other evidence in the process of identifying candidates for hire, including strategies such as demo lessons or data tasks.</p> <p>b) The school leader implements strategies to incentivize retaining teachers who are highly effective and to assist teachers in reaching highly effective status.</p> <p>c) The school leader implements an intentional process of induction, follow up and support for teachers new to the school, including strategies such as mentors and monthly meetings between new teachers and administration.</p>	<p>a) The school leader adheres to schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p> <p>b) With regular frequency, the school leader provides informal feedback that is intentional and specific to teachers regarding classroom level implementation of strategies and general pedagogy through a variety of means, such as data chats.</p> <p>c) The school leader schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p>	<p>a) The school leader adheres to schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p> <p>b) With regular frequency, the school leader provides informal feedback that is intentional and specific to teachers regarding classroom level implementation of strategies and general pedagogy through a variety of means, such as data chats.</p> <p>c) At least two times per year, the school leader adheres to schedules and conducts data chats with teachers that provide specific and intentional feedback on how the teacher utilizes student performance data to improve academic achievement.</p>
2.2 On-Going Feedback	<p>a) The school leader sometimes schedules walkthroughs, but frequently does not follow through with time spent on walkthroughs.</p> <p>b) The school leader provides informal feedback but is not intentional or specific.</p> <p>c) Walkthroughs frequently do not focus on monitoring and supporting instructional decisions made by teachers, and frequently do not address student grouping, differentiation and targeted intervention/remediation.</p>	<p>a) The school leader provides informal feedback that is intentional and specific to teachers regarding classroom level implementation of strategies and general pedagogy through a variety of means, such as data chats.</p> <p>b) The school leader schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p> <p>c) The school leader adheres to schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p>	<p>a) The school leader adheres to schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p> <p>b) With regular frequency, the school leader provides informal feedback that is intentional and specific to teachers regarding classroom level implementation of strategies and general pedagogy through a variety of means, such as data chats.</p> <p>c) At least two times per year, the school leader adheres to schedules and conducts data chats with teachers that provide specific and intentional feedback on how the teacher utilizes student performance data to improve academic achievement.</p>	<p>a) The school leader adheres to schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p> <p>b) With regular frequency, the school leader provides informal feedback that is intentional and specific to teachers regarding classroom level implementation of strategies and general pedagogy through a variety of means, such as data chats.</p> <p>c) At least two times per year, the school leader adheres to schedules and conducts data chats with teachers that provide specific and intentional feedback on how the teacher utilizes student performance data to improve academic achievement.</p>	<p>a) The school leader adheres to schedules and conducts walkthroughs focused on monitoring and supporting instructional decisions made by teachers, including student grouping, differentiation and targeted intervention/remediation.</p> <p>b) With regular frequency, the school leader provides informal feedback that is intentional and specific to teachers regarding classroom level implementation of strategies and general pedagogy through a variety of means, such as data chats.</p> <p>c) At least two times per year, the school leader adheres to schedules and conducts data chats with teachers that provide specific and intentional feedback on how the teacher utilizes student performance data to improve academic achievement.</p>

EVSC Principal Evaluation Rubric[®]

<p>2.3 Evaluation</p> <p>a) The school leader does not provide teachers with clear, on-going evaluations of pedagogical strengths and weaknesses. Evaluations are vague and lack focused feedback.</p> <p>b) The school leader does not routinely consider multiple data sources including student performance for teacher evaluations.</p> <p>c) The school leader's teacher evaluations do not accurately reflect teacher performance on a consistent basis.</p> <p>d) The school leader does not comply with all district procedural expectations and/or meet timelines regarding teacher evaluation.</p>	<p>a) The school leader provides teachers with clear, on-going evaluations of pedagogical strengths and weaknesses.</p> <p>b) The school leader ensures that teacher evaluations consider multiple data sources including student performance.</p> <p>c) The school leader's teacher evaluations accurately reflect teacher performance with consistency.</p> <p>d) The school leader ensures that all district procedural expectations and timelines are met regarding teacher evaluation.</p>	<p>a) The school leader consistently provides teachers with clear, on-going evaluations of pedagogical strengths and weaknesses and actionable recommendations for improvement when appropriate.</p> <p>b) The school leader is intentional in providing teacher evaluations that consider multiple data sources including student performance. The school leader ensures that student data sources are from high quality, valid assessments aligned to standards and student learning goals.</p> <p>c) The school leader's teacher evaluations accurately reflect teacher performance with consistency.</p> <p>d) The school leader ensures that all district procedural expectations and timelines are met regarding teacher evaluation.</p>	<p>a) The school leader ensures professional development has an intentional alignment to strategies in the School Improvement Plan or districtwide initiatives. Professional Development is focused and there is intentional plan to share information, provide on-going support for implementation and to track implementation data.</p> <p>b) The school leader ensures on-going, job embedded and differentiated learning opportunities based on individual teacher needs (student performance data and teacher observation/evaluation results).</p> <p>c) The school leader monitors the impact of professional development on student achievement and teacher effectiveness.</p> <p>d) The school leader utilizes district level professional development resources including personnel to improve teacher effectiveness.</p>	<p>a) The school leader monitors the impact of professional development on student achievement and teacher effectiveness.</p> <p>b) The school leader utilizes district level professional development resources including personnel to improve teacher effectiveness.</p> <p>c) The school leader utilizes district level professional development resources including personnel to improve teacher effectiveness and is actively involved in planning/monitoring.</p>
<p>2.4 Professional Development</p> <p>a) The school leader does not monitor professional development to ensure an intentional alignment to strategies in the School Improvement Plan or districtwide initiatives and focus.</p> <p>b) The school leader does not ensure that teachers receive/participate in on-going, job embedded and differentiated learning opportunities based on individual teacher needs (student performance data and teacher observation/evaluation results).</p> <p>c) The school leader does not monitor the impact of professional development on student achievement and teacher effectiveness.</p> <p>d) The school leader does not utilize district level professional development resources including personnel to improve teacher effectiveness.</p>	<p>a) The school leader ensures professional development has an intentional alignment to strategies in the School Improvement Plan or districtwide initiatives. Professional Development is focused and there is intentional plan to share information, provide on-going support for implementation and to track implementation data.</p> <p>b) The school leader ensures on-going, job embedded and differentiated learning opportunities based on individual teacher needs (student performance data and teacher observation/evaluation results).</p> <p>c) The school leader monitors the impact of professional development on student achievement and teacher effectiveness.</p> <p>d) The school leader utilizes district level professional development resources including personnel to improve teacher effectiveness.</p>	<p>a) The school leader ensures professional development has an intentional alignment to strategies in the School Improvement Plan or districtwide initiatives. EVSC Principal Evaluation Rubric®

- 2.5 Collaborate on to Support achievement**

a) The school leader does not ensure all staff is organized into meaningful teams (Professional Learning Communities) and provides no structures that help groups become highly functioning teams.

b) The school leader does not ensure that the schedule affords time for teams to collaborate.

c) The school leader rarely clarifies the work that teams must accomplish.

d) The school leader infrequently monitors the work of teams and provides inconsistent direction and support.

e) The school leader rarely monitors to ensure teacher teams regularly meet to address common issues regarding curriculum, assessment and instruction, review relevant data, determine action steps and monitor progress.

- a) The school leader ensures all staff is organized into meaningful teams (Professional Learning Communities) and provides structures that help groups become highly functioning teams.

b) The school leader ensures that the schedule affords time for teams to collaborate at least 40 minutes 3 times per week.

c) The school leader frequently clarifies the work that teams must accomplish.

d) The school leader regularly monitors the work of teams and provides direction and support as needed.

e) The school leader regularly monitors to ensure teacher teams regularly meet to address common issues regarding curriculum, assessment and instruction, review relevant data, determine action steps and monitor progress.

a) The school leader ensures all staff is organized into meaningful teams (Professional Learning Communities) and provides structures that help groups become highly functioning teams.

b) The school leader ensures that the schedule affords time for teams to collaborate. There is a schedule for content/grade level teams to meet at least 40 min. 3 X week and time for vertical collaboration at least 1 X month.

c) The school leader frequently clarifies the work that teams must accomplish with alignment to the SIP goals.

d) The school leader frequently monitors the work of teams and provides direction and support as needed.

e) The school leader frequently monitors to ensure teacher teams regularly meet to address common issues regarding curriculum, assessment and instruction, review relevant data, determine action steps and monitor progress.

3.4 On-going Professional Development and Personal Growth:	<p>a) The school leader rarely takes advantage of professional development opportunities to improve his or her ability as an instructional leader.</p> <p>b) The school leader is not always fully engaged in professional development regarding districtwide initiatives.</p> <p>c) The school leader typically does not initiate and / or seek out new learning opportunities for peer collaboration.</p> <p>d) The school leader does not maximize opportunities for collaboration and support provided by district leaders.</p>	<p>a) The school leader takes advantage of professional development opportunities to improve his or her ability as an instructional leader.</p> <p>b) The school leader is fully engaged in professional development regarding districtwide initiatives and seeks to implement with fidelity and secure on-going support.</p> <p>c) The school leader frequently initiates and seeks out new learning opportunities and opportunities for peer collaboration.</p> <p>d) The school leader initiates and maximizes opportunities for collaboration and support provided by district leaders and creates an action plan for implementation.</p>	<p>a) The school leader takes advantage of and seeks out high quality professional development opportunities to improve his or her ability as an instructional leader.</p> <p>b) The school leader is fully engaged in professional development regarding districtwide initiatives and seeks to implement with fidelity and secure on-going support.</p> <p>c) The school leader frequently initiates and seeks out new learning opportunities and opportunities for peer collaboration.</p> <p>d) The school leader initiates and maximizes opportunities for collaboration and support provided by district leaders and creates an action plan for implementation.</p>		
3.5 Development of Teacher and Adminstrative Leadership:	<p>a) The school leader does not intentionally recognize leadership qualities in teachers and staff.</p> <p>b) The school leader does not seek to mentor and provide opportunities for the development of leadership in staff assigned to them.</p> <p>c) The school leader delegates responsibilities and tasks to teachers and staff as a way of encouraging leadership development.</p> <p>d) The school leader does not consistently delegate responsibilities and tasks to teachers and staff as a way of encouraging leadership development.</p>	<p>a) The school leader intentionally recognizes leadership qualities in teachers and staff.</p> <p>b) The school leader seeks to mentor and provide opportunities for the development of leadership in staff assigned to them.</p> <p>c) The school leader delegates responsibilities and tasks to teachers and staff as a way of encouraging leadership development.</p> <p>d) The school leader invests time in developing and mentoring staff.</p>	<p>a) The school leader intentionally recognizes leadership qualities in teachers and staff.</p> <p>b) The school leader seeks to mentor and provide opportunities for the development of leadership in staff assigned to them.</p> <p>c) The school leader delegates responsibilities and tasks to teachers and staff as a way of encouraging leadership development.</p> <p>d) The school leader invests time in developing and mentoring staff.</p>		

Domain 4: Effective Management

Competency:

4.1 EVSC and State Policies/Procedures/Reporting:	<p>a) The school leader does not consistently follow established policies and procedures as a basis for making administrative decisions and neglects to consult appropriate district support staff when needed.</p> <p>b) The school leader does not adhere to established policies and procedures in order to ensure safety of students, staff and families.</p> <p>c) The school leader does not consistently meet state and district deadlines. Reports are vague, sometimes incomplete or inaccurate, and not consistently submitted in a timely manner.</p>	<p>a) The school leader follows established policies and procedures as a basis for making administrative decisions and consults appropriate district support staff when needed.</p> <p>b) The school leader ensures established policies and procedures are adhered to in order to ensure safety of students, staff and families.</p> <p>c) The school leader has a documented history of meeting state and district deadlines. Reports are well written, complete, accurate, and submitted in a timely manner.</p>	<p>a) The school leader consistently follows established policies and procedures as a basis for making administrative decisions and consults appropriate district support staff when needed.</p> <p>b) The school leader is proactive to ensure established policies and procedures are adhered to in order to ensure safety of students, staff and families.</p> <p>c) The school leader makes relevant suggestions to district staff to improve the quality of reports, records.</p> <p>d) The school leader researches state and district policy and procedures and is recognized among peers as a resource.</p> <p>e) The school leader acts as an advocate and initiates actions by providing input to improve policy and procedures both at the district and state level.</p> <p>f) The school leader researches state and district policy and procedures and is recognized among peers as a resource.</p>		

EVSC Principal Evaluation Rubric®

4.2 Management Responsibilities	a) The school leader does not regularly consult and work with appropriate district support staff to ensure a safe, clean and organized learning environment.	a) The school leader consults and works with appropriate district support staff to ensure a safe, clean and organized learning environment.	a) The school leader consults and works with appropriate district support staff to ensure a safe, clean and organized learning environment.	a) The school leader consults and works with appropriate district support staff to ensure a safe, clean and organized learning environment.
	b) The school leader does not consistently follow state and district evaluation policies and due process procedures for non-certified staff.	b) The school leader follows state and district evaluation policies and due process procedures for non-certified staff.	b) The school leader has a system to monitor and ensure that the learning environment is safe, clean and organized.	b) The school leader has a system to monitor and ensure that the learning environment is safe, clean and organized.
	c) The school leader does not consistently ensure that formal and informal feedback is given to non-certified staff with the purpose of improving individual and non-certified staff with the purpose of improving individual and organizational performance.	c) The school leader ensures that formal and informal feedback is given to non-certified staff with the purpose of improving individual and organizational performance.	c) The school leader consistently follows state and district evaluation policies and due process procedures for non-certified staff.	c) The school leader consistently ensures that formal and informal feedback is given to non-certified staff with the purpose of improving individual and organizational performance.
		e) The school leader recognizes and celebrates the contributions of non-certified staff that are above the regular responsibilities of the job.	e) The school leader recognizes and celebrates the contributions of non-certified staff that are above the regular responsibilities of the job.	e) The school leader recognizes and celebrates the contributions of non-certified staff that are above the regular responsibilities of the job.
4.3 Fiscal Responsibility	a) The school leader does not consistently follow established policies and procedures as a basis for making decisions regarding fiscal resources and consults appropriate district support staff when needed.	a) The school leader follows established policies and procedures as a basis for making decisions regarding fiscal resources and consults appropriate district support staff when needed.	a) The school leader follows established policies and procedures as a basis for making decisions regarding fiscal resources and consults appropriate district support staff when needed.	a) The school leader follows established policies and procedures as a basis for making decisions regarding fiscal resources and consults appropriate district support staff when needed.
	b) The school leader does not consistently align funding decisions with the School Improvement Plan or focus on improvement of achievement.	b) The school leader aligns most funding decisions with the School Improvement Plan with a clear focus on improvement of achievement.	b) The school leader aligns most funding decisions with the School Improvement Plan with a clear focus on improvement of achievement.	b) The school leader aligns most funding decisions with the School Improvement Plan with a clear focus on improvement of achievement.
		c) The school leader seeks out additional sources of funding including grants.	c) The school leader seeks out additional sources of funding including grants.	c) The school leader seeks out additional sources of funding including grants.
4.4 Management Skills	a) The school leader rarely allocates adequate time and resources needed to achieve goals.	a) The school leader frequently allocates adequate time and resources needed to achieve goals.	a) The school leader intentionally allocates adequate time and resources needed to achieve goals.	a) The school leader intentionally allocates adequate time and resources needed to achieve goals.
	b) The school leader rarely manages time effectively in order to maximize time spent on high leverage activities.	b) The school leader frequently manages time effectively in order to maximize time spent on high leverage activities.	b) The school leader consistently manages time effectively in order to maximize time spent on high leverage activities.	b) The school leader consistently manages time effectively in order to maximize time spent on high leverage activities.
	c) The school leader rarely delegates appropriate responsibilities in order to distribute leadership opportunities and to be able to invest time on high leverage activities.	c) The school leader frequently delegates appropriate responsibilities in order to distribute leadership opportunities and to be able to invest time on high leverage activities.	c) The school leader intentionally delegates appropriate responsibilities in order to distribute leadership opportunities and to be able to invest time on high leverage activities.	c) The school leader intentionally delegates appropriate responsibilities in order to distribute leadership opportunities and to be able to invest time on high leverage activities.
	d) The school leader inconsistently faces challenges and setbacks with renewed commitment and utilizes problem solving strategies to accomplish goals.	d) The school leader faces challenges and setbacks with renewed commitment and utilizes problem solving strategies to accomplish goals.	d) The school leader faces challenges and setbacks with renewed commitment and utilizes problem solving strategies to accomplish goals.	d) The school leader faces challenges and setbacks with renewed commitment and utilizes problem solving strategies to accomplish goals.
	e) The school leader rarely anticipates potential obstacles / problems and works to find solutions.	e) The school leader frequently anticipates potential obstacles / problems and works to find solutions.	e) The school leader intentionally works to anticipate potential obstacles / problems and works to find solutions.	e) The school leader intentionally works to anticipate potential obstacles / problems and works to find solutions.

1.5 Safe and Disciplined Environment

- a) The school leader does not ensure that the school has a school-wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives and methods to monitor implementation.
- b) The school leader has developed a school-wide positive behavior plan but little effort has been made to communicate it to students and parents. Expectations for behavior are not clearly visible.
- c) The school leader does not have a means in place to ensure that all staff becomes familiar with the school-wide positive behavior support plan.
- d) The school leader attempts to ensure a safe, orderly and equitable learning environment but has no system in place for monitoring or reviewing data such as disproportionality data, discipline and attendance data.
- e) The school leader rarely implements systems and strategies that increase the motivation for students to display appropriate, respectful and ethical behaviors.
- f) The school leader rarely challenges low expectations regarding student academic performance and behaviors and works to hold staff accountable for common expectations and procedures.
- g) The school leader rarely assists teachers in the development and effective implementation of classroom management plans.
- a) The school leader ensures that the school has a school-wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives, a plan to reteach procedures, and methods to monitor implementation.
- b) The school leader and the school staff have developed a school-wide positive behavior plan and communicated it to students and parents. Expectations for behavior are visible and shared by staff and students.
- c) The school leader ensures that all staff is familiar with and implements the schoolwide positive behavior plan with fidelity.
- d) The school leader ensures a safe, orderly and equitable learning environment and has systems in place for monitoring, including a review of relevant data such as disproportionality data, discipline and attendance data. At least one time per month, relevant data is reviewed.
- e) The school leader regularly implements systems and strategies that increase the motivation for students to display appropriate, respectful and ethical behaviors.
- f) The school leader frequently challenges low expectations regarding student academic performance and behaviors and works to hold staff accountable for common expectations and procedures.
- g) The school leader frequently assists teachers in the development and effective implementation of classroom management plans.
- remediation/enrichment is based on formative data and provides flexible grouping that is revised at least one X per month based on data.
- The school leader ensures that the school has a school-wide positive behavior plan that includes common procedures, consistent modeling of procedures, positive incentives, a plan to reteach procedures, and methods to monitor implementation.
- The school leader and the school staff have developed a school-wide positive behavior plan and communicated it to students and parents. Expectations for behavior are visible and shared by staff and students.
- The school leader ensures that all staff is familiar with and implements the schoolwide positive behavior plan with fidelity.
- The school leader ensures a safe, orderly and equitable learning environment and has systems in place for monitoring, including a review of relevant data such as disproportionality data, discipline and attendance data. At least one time per month, relevant data is reviewed.
- The school leader regularly implements systems and strategies that increase the motivation for students to display appropriate, respectful and ethical behaviors.
- The school leader regularly assists teachers in the development and effective implementation of classroom management plans.
